

PE PETROLEUM
ENERGY™

The logo features the letters 'PE' in a large, bold, blue, italicized sans-serif font. To the right of 'PE', the words 'PETROLEUM' and 'ENERGY' are stacked vertically in a smaller, bold, black, sans-serif font. A trademark symbol (TM) is positioned at the end of 'ENERGY'. The background of the entire image includes a large, light gray, stylized circular shape on the left and a series of teal and blue 3D cubes and circles on the right, some containing colorful patterns or symbols.

GREAT OPPORTUNITIES

Petroleum Energy LLC

The only company in the Tyumen region that
oilfield services for the preparation of comme
development of wells using mobile oil separa
its own production.

The background of the entire image is a high-resolution photograph of Earth as seen from space. The top half shows the blue and white swirling patterns of the atmosphere and clouds, while the bottom half shows the dark, star-filled void of space with numerous bright, distant galaxies and stars. A digital clock is overlaid on the center of the image, displaying the time 00:22:15:33 in a white, segmented font. Below the numbers, the units 'DAYS', 'HOURS', 'MINUTES', and 'SECONDS' are listed in a smaller, white, sans-serif font. The clock is positioned over the transition between the Earth's surface and the starry space.

Our Team

VESHKURTSEV
ANTON

Director

12 years of experience in the oil and gas industry.

Has gone from assistant driller to deputy director of the oil field of the Uvat group of fields in RN-Uvatneftegaz LLC (subsidiary of Rosneft).

YUNUSOV
ALVERT

Chief engineer

38 years of experience in the oil and gas industry.

Has gone from a machinist to the director of the Department for the Preparation and Transfer of Oil and Gas at various subsidiaries of the PJSC Rosneft (LLC RN-Yuganskneftegaz, JSC Saratovneftegaz, JSC Tyumenneftegaz, JSC Novosibirskneftegaz and LLC RN-Uvatneftegas).

KARLOV
EVGENY

Head of production

12 years of experience in the oil and gas industry.

Has gone from the fuel system operator to the main specialist of the production (LLC RN-Yuganskneftegaz, LLC RN-Uvatneftegas, JSC Tyumenneftegaz).

BAGLAEV
DENNIS

Chief specialist of production

11 years of experience in the oil and gas industry.

Has gone from the fuel system operator to oil preparation master in JSC Var'yeganneftegaz (subsidiary of Rosneft). For more than 5 years - foreman of JSC "HMS Neftemash" on manufacturing products for the oil and gas sector as part of large-scale projects at the Messoyakhskoye field, Novoportovskoye field and others.

ZHIRYAKOV
VLADIMIR

Chief specialist of production

12 years of experience in the oil and gas industry.

Has gone from an engineer to the head of the group of field gathering and gas preparation at the design institute of PJSC Giprotymenneftegaz. For more than 4 years - the leading specialist of the department for the use of gas in LLC PH-Uvatneftegaz (subsidiary of Rosneft).

BUDIEV VLADIMIR

Master on the preparation and stabilization of oil

38 years of experience in the oil and gas industry.

Has gone from the operator of dehydrating and desalting plant to the master technologist for the preparation and stabilization in PJSC NK Rosneft (JSC Tyumenneftegaz, LLC TNK-Uvat, LLC RN-Uvatneftegaz).

HAIRTDINOV
RAIL

Master on the preparation and stabilization of oil

33 years of experience in the oil and gas industry.

Has gone from assistant driller to master technologist for the preparation and stabilization of oil in various oil and service companies (LLC NGDU Oktyabrskneft, LLC KATKoneft, JSC Overhaul of wells, LLC Eco-Technology Plus).

Turnkey solution

You get the finished product on your terms and for your task.

We do not immerse you in the process if you do not need it.

Risk minimization

In case of an error in the assessment of oil reserves, the use of mobile units will allow you to avoid the risk of losing time and money.

- ▶ Staff
- ▶ Equipment
- ▶ Licenses
- ▶ Infrastructure

No downtime

Quick assembly and disassembly

Power control, easy upgrade

Registration of the object under our name

Before starting work, we register a hazardous production facility in Rostekhnadzor with obtaining a license for our company.

----- >
Interaction with regulatory authorities is our responsibility

Possibility of further purchase of equipment.

Only time-tested specialists

- No checks
- Without equipment on balance
- No additional tax burden
- Without responsibility

Combining capital construction projects with mobile units

Creation of Technological Installation passport
